# Brulee Limestone

tumbled

Just like the beloved French dessert, Brulee Limestone showcases a palette of light creams and flashes of caramel. Its warm tonal palette pairs beautifully with deeper neutrals, and shines with contrasting greenery. The limestone's sandblasted finish neutralises any drastic variations in colour and texture, yet retains the subtleties of the stone's natural veining. You can even admire fossilised shells and corals within the stone on close inspection. Finished to a P5 slip rating, Brulee Tumbled Limestone is a brilliant choice for wet areas, pool surrounds, and coping.
