Ironsides Marble

Ironsides Marble is the flooring selection for a truly bespoke customer. The sense of movement is striking, with no two pieces the same. Exuding palpable character, the natural stone features surges of burnt orange channelling through its mottled surface of light and dark greys – and upon close inspection, you'll even discover warm creams, golds, and pinks. This stone certainly makes a statement throughout both internal and external spaces. We recommend a tonal grout to keep the focus on the stone's characteristics.
