

NATURAL STONE FLOORING & WALLING

Lux Limestone

tumbled

tumbled.com.au

Lux Limestone exhibits a truly unique sense of natural movement with its soft veining, and swirling mocha and warm grey tones. Available in rectangular, random lengths, crazy paving, coping and steppers, Lux Limestone can be installed both indoors and out, throughout wet areas, and around pools. This natural stone flooring has been sandblasted and tumbled to provide a soft patina underfoot. Its low heat absorption makes it a suitable option for outdoor areas.
