

NATURAL STONE FLOORING & WALLING

Marshet Limestone

tumbled

Marshet Limestone speaks whispers of time gone by. This natural stone flooring's aesthetic makes it an ideal flooring choice for traditional, country, and contemporary properties. This subtle stone has a softly aged finish, yielding a surface palette of roasted almond hues, with delicate fossil details and markings. Its large-format tiles can be installed in a singular size, or across multiple sizes for added intrigue throughout internal and external areas. We recommend a tonal grout for visual consistency.
