

NATURAL STONE FLOORING & WALLING

Oyster Tuscan Rubble Walling

tumbled

tumbled.com.au

Oyster Limestone is extracted from a local Australian quarry and finished with a rustic edge. The Tuscan rubble limestone cladding comes in a mixture of thicknesses that can be laid in an informal strata format, levelling the horizontal edges where possible. An distinctive and beautiful stone, Oyster Limestone offers a distinctive colour range from taupe to warm cement tones. The natural limestone is embedded with abundant fossil content, showcasing ancient earthen character.

Stone Colour

Taupe

Tile Edges

40 mm (Sold in 1 Lineal Metre Lots)

Note 1 Lineal Metre equates to 0.3 m² of Coverage

Ordering Details

Leadtime for product is 12 - 14 weeks unless instock

Sealing & Cleaning

Tumbled recommends Sealing all Natural Stone Tiles

For more information on caring for your natural stone please refer to our website www.tumbled.com.au

Please note

If you are installing your stone without a grout joint we recommend an extra 15-20% for wastage. This then allows the stonemason to cut and shape the stone to ensure the joints are butt-jointed. We also recommend the installer unpacks each crate of stone and use the mix of the sizes supplied. Tumbled will not exchange smaller pieces for larger pieces, it is the installers responsibility to use all the sizes supplied.
