

NATURAL STONE FLOORING & WALLING

# Rocky Porcelain

tumbled

[tumbled.com.au](http://tumbled.com.au)

The Rocky Porcelain series has a natural stone design, offered in a Techgrip finish for both Internal & External Areas and Antislip for those outdoor areas needing a hearty slip rating. The combination of high density, low porosity and low water absorption makes porcelain an excellent choice for high traffic areas subject to stains, chemicals and harsh treatment. TECHGRIP is the latest technology in porcelain design which enables the use freedom of application with a single finish. Achieving a high P4 finish with a completely smooth surface, you may confidently specify TECHGRIP for all areas internal and external. The Body of this Porcelain series is a Salt & Pepper Colour.
