

Calcina Linear Walling

tumbled

This ultra-durable European limestone brings a sense of heritage to your spaces. Its dimpled texture was created using a number of surface finishes and traditional stone working techniques. Chunky bolstered and tumbled, Calcia Linear Limestone comes in rectangular cladding tiles at random lengths across 300mm and 400mm course heights. Its versatile caramel colour palette features subtle colour variations that won't detract from other bold design features. If you're looking for irregular walling, you might like our Calcia Irregular Limestone.
