

NATURAL STONE FLOORING & WALLING

Eve Limestone

tumbled

tumbled.com.au

This exceptional natural limestone features an enthralling array of fossil deposits that create an intricate network of veining and variations. While the warm grey base hues make for a versatile foundation for your home or commercial design project, the movement across the surface is a majestic feat of nature. Softly tumbled, Eve's finish provides a soft patina underfoot, which makes it a beautiful choice for indoor and outdoor use, as well as wet areas.
