

Turko Greige Porcelain

These opulent tiles immortalise rare Turkish limestone in a life-proof porcelain flooring solution. This greige collection is available in beige and grey tones, featuring detailed veining structure and natural movement, just like the natural stone itself. This series is finished with the industry's latest development in porcelain, Techgrip. Achieving a P4 slip rating with an entirely smooth finish, this coating offers freedom of application in a single finish, resulting in an ultra-smooth smooth surface. You can confidently specify Techgrip for both internal and external areas, wet or dry.
